Critical Illness Insurance

Protection when faced with a critical illness diagnosis

Think About This

More than half of American adults suffer from at least one chronic illness or condition[†]

More than 75% of all health care costs in the U.S. are due to chronic conditions^{††}

By 2035, 45.1% of the U.S. population is projected to have some form of Cardio-vascular Disease^{†††}

If you're diagnosed with a critical illness and it keeps you out of work, the impact to your finances can grow quickly. Critical Illness Insurance can help ease your mind so you can focus on getting better.

Here's How It Works

- Select a benefit and premium amount to meet your needs
- Premiums will be deducted each pay period
- If you're diagnosed with a critical illness, file a claim and receive a lump-sum cash benefit*

Protecting Your Finances

You've worked hard for your savings – don't let a critical illness wipe them out.

- Protect your checking and savings
- Don't dip into your 401(k)

Protecting insureds for over 60 years

Meeting Your Needs

- Guaranteed Issue coverage, subject to exclusions and limitations*
- Coverage can include your dependents
- Covered Spouse receives 100% and Child(ren) 50% of your benefit amount
- Coverage may be continued; refer to your certificate for details

Meet Carlos

Choose

Carlos signs up for Critical Illness Insurance during his employer's Open Enrollment.

Use

A few months later, Carlos learns he has a critical illness. Here's his story:

Wellness Exam

Carlos has his annual wellness exam and his doctor notices abnormalities in his blood work

Tests

His doctor orders more tests to determine if Carlos is suffering from a common illness or something more serious

Diagnosis

Three days later, Carlos' doctor reports that the additional tests show signs of a critical illness

Treatment Plan

During a follow-up appointment, Carlos' doctor details a treatment plan and suggests they begin immediately

Recovery

Carlos schedules several doctor visits over the next 6 months for treatment of his condition to ensure a better health outcome

Claim

Carlos files claims on his Critical Illness coverage while undergoing treatment, through the convenient web portal, **MyBenefits**.

Carlos is thankful that he has supplemental Critical Illness coverage, because it provides the cash benefits he needs to help pay the out-of-pocket expenses his medical insurance doesn't cover.

MyBenefits Claim Filing Portal

standard.com/ahl/mybenefits

Offers 24/7 access to important information about your benefits. eSign, submit and check your claims (including claim history), request cash benefits to be direct deposited, make changes to personal information, and more.

Here are some of the ways Carlos can use his cash benefits

Finances

Can help protect savings, retirement plans and 401(k)s from being depleted

Travel

Can help pay for expenses while receiving treatment in another city

Home

Can help pay the mortgage, continue rental payments, or home repairs for after care

Expenses

Can help pay for his family's living expenses, such as bills, electricity, and gas

The example above details a fictional situation; your individual experience may vary. For a listing of benefits and benefit amounts, see pages 3 and 4.

Benefits - Benefits paid upon diagnosis of the following conditions (subject to maximums as listed on page 3)

*Benefits paid once per covered person. When all benefits have been used, the coverage terminates.

Critical Illness Benefits*

Heart Attack[†] - the death of a portion of the heart muscle due to inadequate blood supply. Does not include established (old) myocardial infarction or cardiac arrest

Stroke[†] - death of a portion of the brain producing neurological sequelae, including infarction of brain tissue, hemorrhage and embolization from an extra-cranial source. Does not include transient ischemic attacks (TIAs), head injury, chronic cerebrovascular insufficiency or reversible ischemic neurological deficits

End Stage Renal Failure[†] - irreversible failure of both kidneys, resulting in peritoneal dialysis or hemodialysis. Does not include renal failure caused by traumatic events, including surgical trauma

Major Organ Failure[†] - diagnosis of failure of heart, lungs, liver, pancreas, or kidneys, with placement on National Transplant List or actual surgical transplant. Lungs and kidneys are considered one major organ, regardless of whether one or both lungs or kidneys are transplanted. Does not include bone marrow or stem cell transplant or donation surgery, and does not pay for mechanical or non-human organs

Coronary Artery Disease/Coronary Artery Bypass Graft[†] - surgery to correct narrowing or blockage of one or more coronary arteries or valves due to damage or disease with a bypass graft. Does not include coronary angioplasty, coronary angiography or any other intra-catheter technique procedures

Transient Ischemic Attack (TIA) or Reversible Ischemic Neurologic Deficit (RIND)[†] - a temporary or reversible ischemic event where measurable and functional neurological impairment is confined to an arterial area of the brain, there is no evidence of cerebral tissue damage, and reversible functional neurological impairments are confirmed

Crohn's Disease - chronic inflammation of the digestive tract. Does not include irritable bowel syndrome or ulcerative colitis

Bone Marrow or Stem Cell Donation Surgery[†] - surgical procedure to remove bone marrow or stem cells from a covered person for donation to another person. Does not include autologous donation surgery

Bone Marrow or Stem Cell Transplant[†] - surgical transplant of bone marrow and stem cells to a covered person (must come from a human donor). Does not include autologous transplant

Invasive Cancer[†] - malignant tumor with uncontrolled growth, including leukemia and lymphoma. Does not include carcinoma in situ or skin cancer (other than invasive malignant melanoma or metastasized skin malignancies)

Carcinoma In Situ[†] - non-invasive cancer, including melanoma that has not invaded the dermis. Does not include other skin malignancies, pre-malignant lesions (such as intraepithelial neoplasia), benign tumors, or polyps

Waiver of Premium (employee only) - premiums waived if disabled for 90 consecutive days due to a critical illness

Cardio Benefits*

Sudden Cardiac Arrest - sudden loss of normal heart function due to malfunction in the electrical system of the heart, resulting in an irregular heart rhythm (must be the primary diagnosis). Does not include a heart attack

Idiopathic Pulmonary Fibrosis - lung condition involving scarring and thickening of the lung tissue due to unknown causes. Does not include interstitial pneumonia, sarcoidosis or silicosis

Pulmonary Embolism - sudden blockage in a pulmonary artery or branch of pulmonary artery confirmed by an angiogram, ventilation perfusion scan, computerized tomography scan, magnetic resonance imaging or other reliable imaging techniques

Coronary Artery Disease/Coronary Angioplasty^{†}** - catheterization performed on damaged or diseased arteries or valves when cardiac function is impaired due to plaques or buildup of fatty deposits on artery walls causing narrowing of the coronary artery, resulting in partial or complete blockage

Cardiac Valve Disease/Aortic Valve or Mitral Valve Repair or Replacement^{†}** - surgical repair or replacement of an aortic valve or mitral valve with a mechanical or bio-prosthetic due to a defect with regurgitation and stenosis. Not paid if a diagnostic cardiac catheterization is performed

Cardiac Arrhythmia/Internal Cardioverter Defibrillator (ICD) Placement^{†}** - placement of an ICD under the skin to detect and correct an irregular heartbeat due to cardiac arrhythmias. Does not include replacement of existing ICD. Not paid if Heart Attack or Sudden Cardiac Arrest benefit is paid. Not paid if a diagnostic cardiac catheterization is performed

Cardiac Arrhythmia/Pacemaker Placement^{†}** - placement of a pacemaker under the skin to correct an irregular heartbeat due to cardiac arrhythmias. Does not include replacement of existing pacemaker. Not paid if Heart Attack or Sudden Cardiac Arrest benefit is paid. Not paid if a diagnostic cardiac catheterization is performed

Supplemental Critical Illness Benefits*

Advanced Alzheimer's Disease - must exhibit impaired memory and judgment and be certified unable to perform at least two activities of daily living (ADLs) without adult assistance. ADLs are bathing, dressing, toileting, bladder and bowel continence, transferring and eating

Advanced Parkinson's Disease - must exhibit two or more of the following: muscle rigidity, tremor, or bradykinesia (slowness in physical and mental responses); and be certified unable to perform at least two activities of daily living (ADLs) without adult assistance. ADLs are bathing, dressing, toileting, bladder and bowel continence, transferring and eating

Benign Brain Tumor - a non-malignant tumor limited to brain, meninges, cranial nerves or pituitary gland. Does not include tumors of the skull or ear canal, cysts, acoustic neuroma, pituitary adenomas less than 10mm, or germinomas

Coma - unconsciousness lasting seven or more days, during which time the Glasgow Coma Score is 4 or lower. Medically-induced comas, coma resulting directly from drug or alcohol use, and diagnosis of brain death are excluded

Loss of Hearing - total and permanent loss of hearing in both ears (cannot be corrected by hearing aid or device)

Loss of Sight - total and permanent loss of vision in both eyes

Loss of Speech - total and permanent loss of speech or verbal communication (without a medical device)

Paralysis - permanent loss of muscle function in two or more limbs due to disease or injury. Does not include loss of muscle function limited to fingers or toes

Childhood Benefits*

Certificate Specifications

Eligibility

Your employer and American Heritage Life Insurance Company decide who is eligible for your group during the enrollment period (such as length of service, hours worked each week, eligibility waiting period, if applicable, and evidence of insurability). Issue ages are 18 and over.

Dependent Eligibility/Termination

Family members eligible for coverage are your spouse and dependent children. Spouse and child coverage ends when your coverage ends, when you request to terminate dependent coverage, when your spouse or children exhaust all benefits under the coverage, or upon your death. Spouse coverage also ends upon valid decree of divorce. Child coverage also ends when the child reaches age 26, unless the child is disabled and dependent on you for support.

When Coverage Ends

Coverage under the policy ends on the earliest of the following: the date the group policy is terminated; the group policy grace period ends after nonpayment of required premiums; you are no longer actively working for the group policyholder; you or your class are no longer eligible; you submit a written request to terminate the certificate; your death; a false claim is filed; when all benefits have been paid under the policy and riders.

Continuing Your Coverage

You, your spouse, and your child(ren) may be eligible to continue coverage when coverage under the policy ends. Refer to your Certificate of Insurance for details.

Exclusions and Limitations

Conditions and Limits

A diagnosis occurring before your coverage begins is not payable; however, a diagnosis of any covered critical illness after your effective date will be payable. Benefits are subject to all other limitations and exclusions. All critical illnesses must meet the definitions and dates of diagnoses stated in the certificate and be diagnosed by a physician while coverage is in effect.

If the first diagnosis of cancer occurs before the effective date of coverage, benefits are paid for a subsequent diagnosis of cancer after the effective date if, after the first diagnosis, the covered person is free of any symptoms and treatment.

Recurrence of Benefits for a Subsequent Critical Illness

Benefit amounts for a recurrence of a critical illness will be paid if diagnosed with a subsequent critical illness for which a benefit was previously paid if the date of diagnosis, loss, or treatment is separated by 6 months after the previous date of diagnosis, loss, or treatment.

Separation of Benefits for Different Critical Illnesses

We pay benefits for different critical illnesses detailed in your certificate and riders if the dates of diagnosis, loss or treatment for each are separated by 6 months or more. Diagnosis must be made by a qualified physician and medical evidence must be provided to support the diagnosis. If the medical evidence does not support the diagnosis, we may select an independent physician to review the claim for benefits. Initial benefits for each critical illness will only be paid once unless the Recurrence of Benefits applies to the benefit.

Exclusions for: Critical Illness Certificate Specified Condition and Infectious Disease Rider*

Benefits are not paid for: intentionally self-inflicted injury; substance abuse, including alcohol, alcoholism, legally obtained prescription medication and illegal use of non-prescribed drugs or narcotics; voluntarily taking or using of any drug, medication, narcotic, or controlled substance, unless administered by a physician or taken according to over-the-counter package directions.

Exclusions for: Substance Abuse Rider

Benefits are not paid for intentionally self-inflicted injury.

We will not pay benefits for conditions diagnosed prior to the effective date of coverage or outside of the United States, its territories, or Canada, unless confirmed by a physician in the United States, its territories, or Canada.
